

B074HE

CHU 2700 / RM 0.7

Impressive yield performance with strong Iron Deficiency (IDC) tolerance and stability. Pathogen Resistance Characteristics.

Pathogen Resistance

Phytophthora Race Resistance Rps1c
SCN Source N/A

Characteristics

Canopy Type Medium-Bushy
Plant Height Medium
Flower Colour Purple
Pubescence Light Tawny
Pod Colour Brown
Hilum Colour Brown

Yield Environment

- Highly Productive
- Moderate
- Low

Crop Management

- Early Planting
- Late Planting
- Wide Rows
- Narrow Rows
- No-till

Soil Adaptability

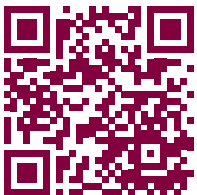

- Drought-Prone
- High pH soils
- Poorly Drained
- SCN Prone Environment

Agronomics

- Emergence
- Harvest Stability
- Lodging Prone Field
- Double Crop System

Disease Tolerance

- Phy. Field Tolerance
- Sudden Death Syndrome
- White Mold
- Brown Stem Rot
- Frogeye Leaf Spot
